

PUBLIC NOTICE. Sealed bids will be received by the Public Works Director of the City of Cassville, Missouri, at City Hall, 300 Main Street, Cassville, Missouri, 65625, until **3:15 p.m., local time, on November 19, 2021**, for the supply and delivery of a 33-49 horsepower dual drum vibratory roller. No bid may be withdrawn within a period of 30 days after the date fixed for opening. The City reserves the right to reject any and all bids, to waive informalities, and to reject nonconforming, non-responsive or conditional bids. Specifications may be obtained from the Public Works Director at (417) 847-4441.

Instructions to Bidders

Sealed Bid must be submitted by mail, courier or hand delivered to the following address and must be received prior to the published due date and time. Direct bids or inquiries to:

David Brock
300 Main Street
Cassville, MO 65625
417-847-5001 fax
dbrock@cityofcassville.com

Vendors are instructed to submit their bid using the response page contained herein and strongly encouraged to include product information, equipment specifications and warranty information.

In determining the “lowest and best responsible bidder”, in addition to prices, the following shall be considered:

- The ability, capacity, and skill of the bidder to perform the contract or provide the service required
- Whether the bidder can perform the contract or provide the service promptly, or within the time specified, without delay or interference
- The character, integrity, reputation, judgement, experience and efficiency of the bidder
- The quality performance of previous contracts of services
- The previous and existing compliance of the bidder with laws and ordinances relating to the contract or service
- The sufficiency of the financial resources and ability of the bidder to perform the contract or provide the service
The quality, availability and adaptability of the supplies, or contractual service to the particular use required
- The ability of the bidder to provide future maintenance and service for the use of the subject of the contract
- The number and scope of conditions attached to the bid

Bidders must disclose any variation or non-conformity to the minimum specifications. A variance or non-conformity will not disqualify a bid however failure to disclose a variance or non-conformity may disqualify a bid or be justification to cancel a subsequent award(s).

Vendors are encouraged to submit multiple bids for differing equipment models that meet minimum specifications.

Equipment Specifications for Dual Drum Vibratory Roller

The City has evaluated available makes and models of equipment and prequalified three manufacturers for a potential purchase. Minimum equipment specifications are published and incorporated into these specifications

and vendors may submit bids for the prequalified makes/models (equipped as specified) without any additional documentation or action. Vendors may submit bids on makes/models other than those that have been prequalified however such bids must be accompanied by detailed specifications. The City reserves the right, in its sole judgement and opinion, to determine if such equipment is of comparable size, capability and suitability for the intended end use.

All vendors are encouraged to provide an onsite demonstration of the make/model, or a similarly sized unit, that they will be proposing.

The equipment is generally described as a centerpoint articulated dual drum vibratory compactor with factory installed roll over protection. The unit shall be designed and constructed by a manufacturer with an extensive history manufacturing construction equipment with a variety of models of compaction equipment currently in production.

Dual Drum Vibratory Roller - Minimum Specifications		
33 to 49 h.p. Engine	5,400 to 6,000 lbs. Operating weight	68 – 81” Wheelbase
18-29” Drum Diameter	46-50” Drum Width	52-72 Hz Frequency Range
Folding ROP	50 gallon water tank	

The unit must come equipped with the following equipment and or features.

Dual Drum Vibratory Roller – Equipment/Features Configuration		
Rotating Beacon	Road lights and flashers	
Back-up alarm	Horn	Operating Hour meter
Fuel Gauge	Engine Temp Gauge	

Prequalified Equipment

Makes and models of available equipment have been evaluated and identified to be of consistent size and capabilities and have been deemed suitable for the intended end use. Additionally, these manufacturers have authorized dealers in the region. This determination does not imply these units are equivalent in every aspect but are appropriate for a competitive bidding and purchasing process.

Dual Drum Vibratory Roller - Prequalified Equipment	
Case DV 26E	Cat CB2.7
BOMAG BW 120 AD-5	

New versus Used Equipment

The City is primarily interested in purchasing a new piece of equipment but will consider bids submitted for a used model that:

- has 500 operating hours or less and remaining manufacturer’s warranty
- otherwise meets minimum specifications

This completed form must be returned no later than 3:15 p.m. on November 19th, 2021. Bids for equipment that is not prequalified must include detailed specifications.

Vendor Name _____

Address _____

Dual Drum Vibratory Roller

Make _____ Model _____ Model Year _____ Bid Price \$ _____

Disclosure of any variations from minimum specifications:

Summary of warranty (attached detailed information): _____

Location of nearest authorized Warranty Station: _____

Estimated delivery time from notice of award: _____

Certification and Execution

The undersigned affirms they are in receipt of all equipment specifications and instructions, and are familiar with the equipment being proposed. This bid represents the total cost to the City Cassville, inclusive of all applicable taxes, fees and charges for the supply and delivery of the specified equipment. Execution certifies the any all variations and non-conformities to the published equipment specifications have been disclosed herein and that this proposal is valid for 30 days from the date of opening.
